

Unrivalled coverage, news and analysis

of the global generics,
biosimilars and value-added
medicines industries.

A well-respected and trusted industry source for the last 15 years, Generics Bulletin from Informa Pharma Intelligence provides in-depth news and analysis on issues that matter most to businesses across the generics, biosimilars and value-added medicines industries.

Covering business strategies, mergers and acquisitions, manufacturing, compliance, pricing and reimbursement, legislative moves, patent litigation and product launches, Generics Bulletin delivers accurate and reliable news reports, combined with our expert insight and opinions on the latest strategies and business performance of the world's leading generics and biosimilar companies.

Senior executives, as well as industry watchers, and those supplying active ingredients and goods and services to these fast-moving and rapidly expanding sectors, rely on Generics Bulletin to understand and anticipate the latest market, policy and regulatory and commercial developments that are critical to their success. Prepare for challenges, minimize risk, and maximize opportunities with Generics Bulletin.

GLOBAL CONTENT FROM TRUSTED EXPERTS

Researched and written by a team of generic, biosimilar and value-added medicines specialists who provide first-hand coverage of key events from locations around the globe.

ON DEMAND SUPPORT

If you have a question about any of our news stories, analysis or data, Ask the Analyst! This unique service provides a direct connection to our expert journalists and analysts to answer your research and business critical questions.

INSIGHT BEYOND THE HEADLINES

More than just news, we will keep you up-to-date, and give you the implications, trends, and actionable insights for a deeper look at what's really behind the headlines, and how it might impact your business, now and in the future.

POWERFUL DIGITAL PLATFORM

New user-friendly, digital platform that is responsive to any internet device and includes robust, boolean search and content customization tools like My View and custom alerts, targeted to your specific content needs and priorities.

Your generics, biosimilars and value-added medicines questions answered:

- Which geographic regions, product categories and dosage forms are key players targeting?
- Who is up for sale, and who is buying?
- How are companies ensuring manufacturing compliance, and who is falling short?
- Whose sales and profits are on the rise, and who is struggling?
- Which top executives are making a move, and who is recruiting?
- How are the latest regulatory changes affecting the current operating environment?
- Where are the most attractive locations to launch and get a return on investment?
- What litigation strategies are paying off, and who is suing whom where?
- Which markets and categories are booming?
- Who is looking for partnerships to develop and market generic, biosimilar and value-added medicines?
- Where are the next pipeline opportunities coming from?
